Call for PhD Forum
18th ICISS, IIT Tirupati, 16-20 Dec 2022
https://icissconf.org/

International Conference on Information and Systems Security (ICISS) is one of the leading conferences on security & privacy. The audience of ICISS is usually a mix of international researchers, graduate & post graduate students, and industry practitioners working in the field of security & privacy.

ICISS PhD Forum is an excellent opportunity for PhD students to present their preliminary work and get it validated by experts available during the conference. This opportunity to network with established international researchers also helps build a rapport with them and opens up possibilities for collaboration in terms of internships, and post-doctoral fellowships. This will be an excellent venue to articulate and present your work-in-progress in a public, encouraging environment to receive constructive feedback. Furthermore, there will be several pre-conference tutorials lined up, exposing you to topics beyond your current interests.

The Tutorial & PhD Forum Co-chairs of the 18th ICISS invite early research ideas covering topics within the scope of ICISS. The forum will be conducted in two formats:

Early-stage PhD Students: those who are working towards research topic selection will submit (2-pages max.):
1. Problem being considered
2. Its relevance and impact
3. Potential approaches
4. Poster (36 in x 48 in)
5. Presentation (5 minutes)

Later-stage PhD Students: those who have selected a research topic and have some preliminary insights/results will submit (4-pages max.):
1. Problem statement
2. State-of-the-art, gaps, novelty
3. Methodology, early results
4. Poster (48 in x 60 in)
5. Presentation (10 minutes)

The Poster and the Presentation must be submitted after your proposal's acceptance.

Each proposal must contain a title, author's name & affiliation (and a footnote indicating the year of PhD admission followed by the advisor's name). The submission must be compiled using the LNCS style.

The authors of the accepted proposals will be allowed to display their posters throughout the conference in order to maximize their interactions with the attendees. A thematic compilation of all presented works will be made available as a technical report of IIT-TP.

Deadlines: (AoE)

Submission:	2022-09-20
Notification:	2022-10-20
Poster/Presentation Submission:	2022-11-30

Tutorial & PhD Forum Chairs:
Shachee Mishra Gupta, IBM Research
Vishwas T Patil, IIT Bombay
Jainarayan Tudu, IIT Tirupati

Submission template:
